

LightStim[®]

FOR ACNE

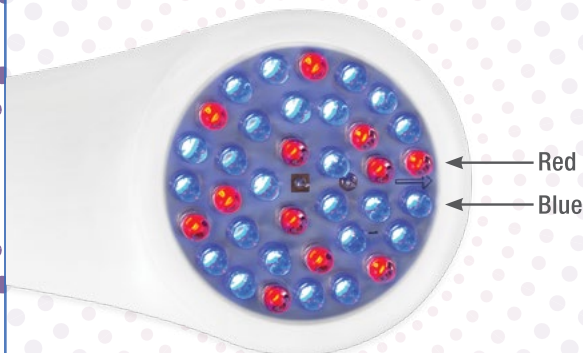

LightStim for Acne is a **Powerful, Effective and Natural Solution** to Help Achieve **Clear and Healthy Skin**

The LightStim Point of Difference

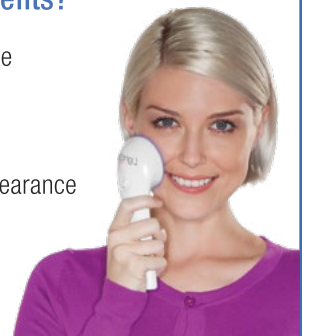

- In numerous clinical studies, Blue LED light therapy has been proven to be an effective treatment for acne with no negative side effects.
- FDA cleared to treat mild to moderate acne
- Recommended by Licensed Skin Care Professionals
- Built-in 3-Minute Treatment Timer
- 30-Minute Automatic Shut-Off
- Designed and Manufactured in the USA
- LightStim has advanced NASA's LED technology to a new level, developing LightStim MultiWave[®] Patented Technology to simultaneously emit multiple wavelengths (colors) of light. These wavelengths of light work together to give your skin the nourishment it needs for a more radiant and youthful appearance.

LightStim MultiWave[®] Patented Technology

What Are The Benefits?

- Destroy acne-causing bacteria to minimize future breakouts
- Calm existing breakouts
- Restore your skin's clear and healthy appearance
