

LightStim[®]

FOR PAIN

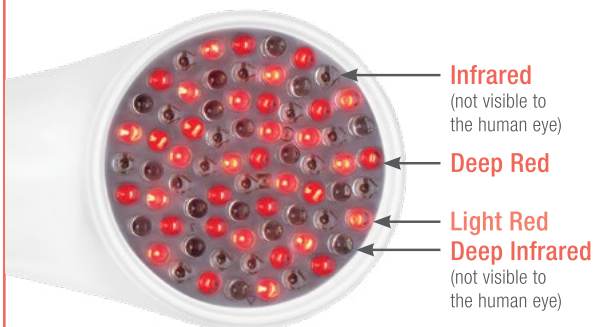

LightStim for Pain is a **Natural** Way to **Ease Pain** and **Accelerate** Your Body's **Recovery Process**

The LightStim Point of **Difference**

- LightStim for Pain is FDA cleared to temporarily relieve arthritic pain, a variety of minor aches and pains, relax muscles, and increase local blood circulation. You can use it for post-workout soreness, accidents and sports injuries, backaches, arthritis, and stiffness. LightStim for Pain has been clinically proven to be safe and effective.
- Non-invasive and chemical-free treatment has over 200 medical and university studies showing no negative side effects
- Natural solution that does not require over-the-counter drugs or prescription medications
- Used and recommended by medical doctors, health care practitioners, and wellness professionals for nearly two decades
- Designed and manufactured in the USA
- Maintenance-free, no cartridges, LEDs, or battery replacement costs
- LightStim MultiWave[®] Patented Technology simultaneously emits multiple wavelengths (colors) of light. These wavelengths of light work together to increase blood circulation and deliver a soothing, gentle treatment that sets in motion the body's inherent pain-relieving process.

LightStim **MultiWave**[®] Patented Technology

What Are The **Benefits**?

- Temporarily relieve arthritic pain
- Relieve muscle and joint pain and stiffness
- Aid the body's natural pain-relieving process
- Increase blood circulation
- Soothe aches and pains
- Relax with gentle warmth
